

## **Daniel Barr**

Daniel Barr joined the Premium Pension authority as Chief Economist in January 2005. Since January 2006 he is also heading up the fund and finance department at PPM. Prior to this he was the Chief Analyst at the Seventh Swedish National Pension Fund (AP7) where his main responsibilities were strategic allocation issues.

Daniel Barr came from the Swedish Ministry of Finance where he was the deputy head of the Department of Financial Markets and Intermediaries. He was project leader for the AP-fund reform and involved in the Swedish pension reform, in particular the construction of the Premium Pension system. Previously he was deputy head of the Financial Markets department at Sveriges Riksbank.

He is ek. lic. in financial economics from Stockholm School of Economics.
