HOW THE PROGRAM WORKS

STRUCTURE

CERTIFICATE & DIPLOMA level
Successful completion of the training at the certificate level is the criterion for continuing the training at the diploma level.

MATERIALS

- Six modules with an international focus, developed by CIPFA.
- One national module, developed by local experts.

METHODOLOGY

The program combines classroom training and tutorials. Students can learn from local professionals the theoretical and practical aspects of each topic.

PROCESS

The completion of each level normally takes around eighteen months, including in-class trainings, exam sittings and all necessary project activities.

EXAMINATIONS

Two examinations are envisaged for each module. The emphasis in the training process is on developing skills and helping students pass the assessments at the first attempt.

HOW COUNTRIES CAN PARTICIPATE

The program is comprised of donor-supported projects implemented at individual country level. Upon countries' request, several major donors have joined the CEF and CIPFA in implementing PACT. The program has been so far implemented in eight countries: **Albania, Croatia, Kosovo, Macedonia, Moldova, Montenegro, Serbia and Slovenia**. By mid-2018, we have awarded accountants with:

OVER
400 CERTIFICATES

ALMOST
300 DIPLOMAS

Building on successful experiences in several countries, the CEF offers the program to other members, who are interested in implementing PACT in their country.

EACH RECIPIENT COUNTRY IS EXPECTED TO CONTRIBUTE TO FINANCING AND ACTIVELY COOPERATE WITH THE CEF IN THE FOLLOWING ACTIVITIES:

- Selecting, nominating, and financing a country coordinator for the project who will act as an interface between the CEF, the recipient ministry of finance, local contractors and students.
- Developing a national module on local law and taxation.
- Assisting the CEF in finding and selecting tutors, translators and service providers.
- Nominating and assisting in the selection of students.
- Conducting all the necessary actions to officially recognize the profession of accounting and the related diploma in the country.
- Supporting local institutions to take over the independent implementation of the training program.

WHAT PARTICIPANTS SAY ABOUT PACT

“ I enjoyed the PACT training from the very beginning. By completing the certificate and diploma levels, I have acquired new significant knowledge and upgraded my previous knowledge, which I can now apply in my profession. What was especially interesting in the training program was the work on practical case studies.

“ As an instructor with work experience on related projects in Montenegro and Serbia, I can freely say that the PACT project is more than successful: it represents a win-win situation for me as a tutor and for participants.

I would like to emphasize that the participants showed great interest in the training and took active part in the realization of the project. Cooperation with the CEF on this project was a new challenge for me as a tutor as well as a highly enriching experience.
